Summits

An [Issue Summit](#) focuses on one issue area, bringing together elected women who are invited based on their committee assignments and expressed policy interest, with special emphasis on committee leaders relative to the issue.

NFWL is also currently developing the program for a Summer Summit, which will cover a variety of issues. Exclusive Summit sponsorship is available at the Presenting Level of \$60,000, or contributing opportunities are available at the Gold and Platinum levels. If interested in finding out more, contact jody@womenlegislators.org for detailed information.

Our [2018 Workforce Development Summit](#) was extremely well-received, and we're looking forward to what 2019 brings.

In the States

Partner with NFWL to connect with powerful elected women across the country.

Scheduling based on the availability of involved partners, NFWL, and legislative session

[Ongoing Initiatives](#)

- **Dome Tours** bring elected women together for a networking opportunity as an exclusive sponsor at state capitals across the country
- **Capital Chats** send NFWL to states of interest to engage them with our opportunities in an informal way with one-on-one meetings
- **Civility Initiatives** provide opportunities for elected women and partners to engage through our ongoing [Civility Ambassador](#) programs

2019 ANNUAL CONFERENCE OPPORTUNITIES

The 2019 conference will foster a safe environment for sharing ideas, discussing current events, and learning about new initiatives and programs. In San Antonio, Texas from November 15-18 at the historic St. Anthony Hotel, near the Alamo and the River Walk, NFWL will celebrate elected women, and connect them with one another and experts on critical issues facing state legislatures today.
